## BOMB SENT EX-SENATOR INJURES WIFE AND MAID.

### Bolshevik Plot to Kill Seattle Mayor is Alleged by Postal Inspector; Crimes Believed Connected.

ATLANTA (Ga.) April 29.—Explosion of an infernal machine sent through the mails to the home of former United States Senator Thomas W. Hardwick of Georgia today resulted in the serious injury of Mrs. Maud P. Hardwick, wife of the ex-senator, and the maiming of her negro maid.

Former Senator Hardwick was not at his home when the infernal machine was delivered and Mrs. Hardwick ordered her maid to open it. When the wrapping was removed, the machine exploded with terrific force.

The maid's hands were blown off. Mrs. Hardwick was burned about the face and body, and her upper lip was cut by a flying fragment. Furniture in the room was demolished.

Police believed tonight the machine was sent by the same person or persons who several days ago sent a similar machine to Mayor Hanson of Seattle. Both were sent in packages with wrappers bearing the return address of "Gimbel Bros., Thirty-second and Broadway, New York," and both bore the inscription, "Sample."

PLANT DEATH OF MAYOR.  
SEATTLE, April 29.—Govern-  
ment machinery was set in motion  
today in an effort to apprehend the  
person or persons who yesterday  
sent the bomb to Mayor Hanson.

It was a Bolshevik plot against  
Mayor Hanson, before he left for  
Seattle, that was the theory of the  
Seattle police today. The theory  
was based on the fact that the  
bomb was sent to the Mayor's  
home, and that the machine was  
sent in a package with wrappers  
bearing the return address of  
"Gimbel Bros., Thirty-second and  
Broadway, New York," and that

## MARTIAL LAW FOR BAVARIA

BERLIN, Saturday, April 26.—Martial law was declared today in all Bavarian territory east of the Rhine, and the government declared martial law in Munich from the south and captured Murnau. The communists immediately three reinforcements into Kempten, west of Murnau, and the Spartacist leader in Nuremberg, Albert Schmidt, was shot today by the discovery by the military authorities of a plot to depose the Bavarian government. Fighting between communist troops, resulting in the death of a number of the other Spartacist leaders in Nuremberg were arrested and again released temporarily. The Spartacist leaders have established that dependent leaders had organized

## JAPAN ASKS CHINESE LAND AS "WAR SPOILS."

TOKIO PLANS TO KEEP STOLEN  
PROVINCE WRESTED  
FROM RUSS.

In disposing of Kiao-Chow, President Wilson faces a similar problem to that of Italy and the Adriatic Sea. Japan has the same secret treaty claims to advance for the possession of Germany's late colonial holdings in the Shantung Peninsula and the North Pacific islands that Italy brought to bear against the Jugoslavs.

Of course there is one essential difference. Kiao-Chow, by the rights of geography, history and political morality, belongs to China. This productive territory, covering 213 square miles, with a large export trade and a fine harbor, was seized from China in 1897 by the military forces of Germany, on the flimsy pretext that two missionaries had been killed by Chinese bandits on the peninsula of Shantung.

In August, 1914, Japan blockaded the harbor of Tsing-Tao and in November of the same year the German colony surrendered to the combined British and Japanese invading forces. Thus Japan wrested from Germany that in which Germany never legally or morally had any rights. Evidently the proper proceeding was to restore this recovered loot to its rightful owner. However, Japan has now for over four years been administering the province of Kiao-Chow and on the grounds that possession is nine-tenths of the law will not give it up without a diplomatic struggle.

President Wilson, who believes that one point of justice is more to be considered than nine points of illegal possession, will not doubt see that China gets the same square deal over Kiao-Chow that Jugoslavia received in asking for a port on the Adriatic. For China's case is a hundred times stronger than that of Hungary and the Slavs.

LIGGETT TO COMMAND  
ARMY OF OCCUPATION.

BY EDWIN L. JAMES.  
(BY CABLE-EXCLUSIVE DISPATCH.)  
COBLENZ, April 28 (delayed).—Lieut.-Gen. Hunter Liggett will succeed Maj.-Gen. J. T. Dickman as commander of the American Army of Occupation.

The change of command is expected to take place within a few days. Gen. Dickman becomes head of the board to "consider lessons to be learned from the war in so far as they concern tactics and organization."

After Gen. Pershing relinquished field command of it, Gen. Liggett directed the First Army. Lieut.-Gen. Robert L. Bullard, without command since the dissolution of the Second Army, will be returned to the United States.

SIXTEEN MINERS ARE  
KILLED IN EXPLOSION.

(BY A. P. NIGHT WIRE.)  
BIRMINGHAM (Ala.) April 28.—Sixteen miners, all but two of whom were negroes, were killed and eight others were injured, probably fatally, today, by an explosion in a mine of the Majestic Coal Mining Company, located twenty-two miles north of Birmingham. All but four of the 106 men in the mine at the time of the explosion have been accounted for tonight.

The explosion is believed to have been caused by a fall of rock releasing a large quantity of coal gas, which was ignited by a miner's lamp.

ARREST BUDAPEST INTELLECTUALS.

(BY CABLE AND ASSOCIATED PRESS.)  
ZURICH, April 29.—(French Wireless Service.) A force of 2000 Bolsheviks marching into Hungary from Russia, has been dispersed in the Berlinga Tiden. It is reported that one of the people's commissaries explained they would be held as hostages and would "pay with their blood for every step the Rumanians take within the frontiers of Hungary."

PARIS, April 29.—(Havas.) The Rumanian troops Saturday occupied the neighborhood of Puspok-Ladany, 111 miles east of Budapest and on the railway line between Budapest and Debrecen. Dispatches from Budapest said that the Rumanians also captured Bako-Caba, 120 miles southeast of Budapest.

## LUXURY TO COST MORE.

### Consumers to Pay Another Tax.

War Revenue Measure in  
Effect Tomorrow Over-  
looks Few Articles.

WASHINGTON, April 29.—The Commissioner of Internal Revenue today through the issuance of tentative rulings with reference to the collection of the luxury tax in the new War Revenue Act, calls attention to the fact that beginning May 1 the American consumer will have to pay more money for many things they buy.

While the luxury tax hits women's finery, beautifiers and many things that they might exist without, it finds a way into the pocketbooks of nearly every man, woman and child. Ice cream, soda water and candy do not escape. Sodas, sundae, lemonades and the like that today and tomorrow may be had for 15 cents on and after Thursday will cost 17 cents. The new tax adds 1 cent for every 10 cents or part of 10 cents such refreshments cost.

Then the items of druggists' sundries, patent medicine and things like that. Your 25-cent tube of tooth paste will cost you 26 cents beginning Thursday. And everything else the druggist sell that now costs 25 cents. The new tax adds 1 penny for every 25 cents of an article's cost and this includes patent medicines, cosmetics, talcum powder, and the like. Candy, chewing gum and kodak films fall in the same class when it comes to gathering the war tax pennies.

CLOTHING ON LIST.

Even clothing, neckwear, hats, millinery and shoes do not wholly escape the new tax. If your last year's Panama hat will do for another season you are lucky. If not, and you buy one that cost more than \$5, adding 10 per cent to the amount above that figure.

The following are some of the articles on which the government is preparing to collect a tax of 10 per cent:

Handbags, on the amount in excess of \$7.50 each.

Portable lighting fixtures, including lantern of any kind, on the amount in excess of \$5 each.

Umbrellas, parasols and sun-shades, on the amount in excess of \$4 each.

Fans, on the amount in excess of \$1 each.

House or smoking coats or jackets and bath or lounging robes, on the amount in excess of \$4 each.

Men's waistcoats, sold separately from shirts, on the amount in excess of \$1 each.

Men's and women's hats, bonnets and headgear, on the amount in excess of \$1 each.

Men's and boys' hats, on the amount in excess of \$5 each.

ROME, April 29.—Admitting that the world situation at the present is grave and, for Italy, "very grave" and that it was the duty of Italy "to preserve the greatest calm and serenity," Signor Orlando, the Italian Premier, today delivered his expected address to the Chamber of Deputies concerning the Peace Conference at Paris.

## SENATE TO RATIFY LEAGUE.

### Separate Declaration Qualifying Approval is Opponents' Plan.

WASHINGTON, April 29.—Surface indications point strongly to the ratification of the League of Nations covenant by the Senate.

The Senate may amend the covenant or frame a separate declaration qualifying its approval of the pact, in which event ratification will be a certainty.

But, even if all attempts to amend or qualify adherence to the covenant should be defeated, it appears probable that the treaty will be ratified by more than the requisite two-thirds majority.

Advocates of the revised covenant are predicting that not more than fifteen votes will be cast against it. With all Senators present and voting, this would mean eighty-one votes in favor of the league plan, or seventeen votes more than two-thirds of the membership.

Opponents of the covenant are making no predictions, but are entering their fire upon four objections to the revised draft which they will seek to remove by amendments or separate resolutions qualifying American adherence to the treaty.

FOUR OBJECTIONS.

These objections are:

(1.) That Article XXI, recognizing the Monroe Doctrine, is inadequate.

(2.) That domestic questions such as exclusion of immigrants on racial grounds are not wholly exempted from the jurisdiction of the league.

(3.) That Article X, guaranteeing the territorial integrity

## LAUDS TROOPS AT ARCHANGEL.

American Leader Reports Men Healthy and in High Spirit.

(BY A. P. NIGHT WIRE.)

WASHINGTON, April 29.—Brig. Gen. Richardson, commander of the American forces in Northern Russia, in an official report to the War Department today said he had visited all the detachments in the Archangel region and had found the health and spirit of the men good.

There was no apprehension at headquarters, he said, respecting the morale of the American forces.

## HIGH HUN ENVOYS AT VERSAILLES.

(BY CABLE AND ASSOCIATED PRESS.)

VERSAILLES, April 29.—The leading members of the German Peace Conference delegation are expected to arrive here at 9 o'clock this evening.

VERSAILLES (Monday) April 29.—Eighty-seven members of the German peace commission arrived here tonight, being the second party to reach the scene of the presentation of the peace terms. Of these, thirty were women. The Germans include the commission on limitation of armaments, composed of Von Becker and Schall, and Maj. Böttcher, and a half mile from Paris, from which place they drove to Versailles in automobiles. The Mayor of

Paris, April 29.—Because of the twenty-four-hour strike set for May 1, especially affecting transportation and communication, some doubt was expressed today whether the peace terms would be presented to the Germans on that day, as had been planned. It was thought that the presentation probably would be postponed until Friday, May 2.

The party left the train at the little station of Vaucressens, twelve and a half miles from Paris, from which place they drove to Versailles in automobiles. The Mayor of

## ORLANDO IS NOT TO SIGN TREATY

Italian Premier Says He will not Return to Paris.

Has Friendly Talk with Ambassador Page.

Considers Situation Serious; Would Restore Calm.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, April 29.—Ambassador Page telegraphed from Rome today that he had conferred with Premier Orlando in a long conference Monday that the Premier did not intend to return to Paris for the signing of the peace treaty. The Premier expressed regret that the time was so short before the arrival of the Germans.

The Italian Premier, the telegram from Ambassador Page added, felt that his action either way would have serious consequences, but it was preferable to have trouble from without Italy rather than from within Italy, because the present state of public feeling in Italy would not justify the signing of a treaty which did not include Italian aspirations.

Ambassador Page said he had taken steps to have the Italian authorities suppress manifestations directed against President Wilson. As a result, one of the principal demonstrations in Rome was given up.

Should Premier Orlando not return for the signing of the treaty, it would give the situation a more serious aspect than the departure of the Italian delegation, as the Allies would be required to take final action without the participation of Italy. While there is every desire to avoid this result, the indications are that the Allies will proceed with the signing if Italy decides to withhold participation.

ROME, April 29.—Thomas Nelson Page, the American Ambassador, visited Premier Orlando today. The two men had a friendly conversation in which the Ambassador expressed regret at the situation that had arisen.

The Ambassador said he thought the situation had been aggravated by Italian newspaper criticism based on a wrong interpretation of President Wilson's attitude, and added that those interested in preserving good relations between the two countries should do their best to prevent such disturbing factors from having play.

Premier Orlando said he considered the situation very serious, but that his desire was to ameliorate it and restore calm. The Premier said he deeply regretted that the incident had occurred and had been much disturbed over it.

President Wilson is challenged by the Giornale d'Italia to appeal to his own parliament, as Premier Orlando has done, and show the world that his policy has not unanimous support, like that given the Italian Premier, but that of simply a majority in Congress.

Demonstrations in Rome today in support of the government's stand in the Adriatic question culminated in a great mass meeting, convened by Prince Colonna, the Mayor, on the Capitoline Hill. The citizens at the meeting adopted unanimously a resolution asking the annexation of all territory given to Italy by the treaty of London and also Fiume. The resolution also urged the government to remember the sufferings and hope of Spalato and Trau.

The assemblage took a solemn oath to remain united as the nation of Italy, and the crowd cheered and sang the Italian national anthem.

A procession afterward went to the Quirinal, where the King and Queen appeared on the balcony of the palace. With them were soldiers who had been wounded during the war. The crowd cheered and sang: "Fiume! Dalmatia!"

A telegram from Sebenico, in Dalmatia, 75 miles southeast of Trieste, published in the Epoca, states that Dr. Anton Korosec, president of the Jug-Slav party, has arrived at Spalato, a seaport in Dalmatia, accompanied by Serbian officers, and has organized an anti-Italian strike there. The telegram added: "The Italians at Spalato blame the

use except unfulfilled munitions of war, provided the shipments are covered by a license of an international trade committee, or where no such committee exists, by a license from the relief administration."

The council considered the important question of facilitating commercial and relief traffic on the Adriatic coast, and decided to take action in order to permit the further study of the several methods of repairing wharves were suggested.

In pursuance of its plan of improving coal production and distribution to meet the present general deficit in the European coal supply, the council decided that the director-general of relief should for the present be charged with all matters in an endeavor to increase the coal production in the former empires of Austria-Hungary and Poland.

SAYS JAPAN IS READY TO DEVELOP SIBERIA.

(BY A. P. NIGHT WIRE.)

NEW YORK, April 29.—Japan stands ready, when peace is restored in Siberia to co-operate with the Russians in the development of the country, but will not deviate from its announced policy of non-interference with Siberian internal affairs, Baron Shunpei Goto, former Japanese Minister of Foreign Affairs, declared here tonight.

If the Russian government should invite assistance, said the Baron, addressing the Council of Foreign Relations, Japan would apply to Siberia the policies which he said had brought Manchuria and Korea from mediocrity to active place in the world of modern times.

very grave," said Signor Orlando, "to preserve the greatest calm and to wait."

This statement aims to be only an impartial declaration of facts so that the Parliament may have all the elements necessary to make judgment on the work of the government and of the Italian delegation at the Peace Conference, as well as on the situation created by the last painful events.

The attitude of the Italian delegation in that phase of the negotiations which began about the middle of March has been one of preparation for definite deliberations. Questions concerning peace with Germany were given the precedence, but it was agreed that those regarding Italy should follow immediately.

(Section missing.)

There were certainly diversions of views between the two governments (Italy and the United States) on the essential cardinal points of differences were irreconcilable. Indeed, until April 14, when the American memorandum was delivered to the Italian delegation, the American delegation had not reached any definite conclusion on essential cardinal points of acceptance, which was in absolute condition for the Italian government."

PARIS, April 29.—The session of the council of three ended last afternoon without any decision on either the Japanese or Belgian questions.

A compromise was proposed to Japan by the council with respect to the Kiaochow problem, but no conclusion was reached and it is understood that further consideration will be given the matter at an early date.

Before the meeting of the council of three this morning, President Wilson received Baron Makino, head of the Japanese mission, and Viscount Chinda, his colleague. The conference lasted nearly an hour. Presumably, the question of Kiaochow was under discussion.

Baron Makino and Viscount Chinda remained with the council throughout its session, which was a protracted one.

The financial experts of the United States and France were called in for three days, President Wilson received the delegation and gave it a hearing regarding the question of indemnities.

Doubt has arisen whether the responsibility of the former German Emperor will be included in the peace treaty owing to the failure of the plenary session to take action on the report of the council of four.

The council at the beginning of its session received a communication from the Belgian Cabinet and gave it a hearing regarding the question of indemnities.

## BAYONETER OF BOY IS FREED

Jury Acquits Guard in Fair Stabbing Case.

Deliberates but Half Hour on the Verdict.

Sad's Desperate Battle for Life Recalled.

P. State M. W. Young, of the Fifteenth Separate Company, California National Guard, accused of the murder of Easlick Trena, was found not guilty yesterday by a jury in Judge McCormick's court.

The jury was out thirty minutes. Young bayoneted Trena as the latter was climbing over a wire fence at Exposition Park on October 16, 1918. Trena made a gallant fight in the hospital for life, and his brother, Julius, twice submitted to an operation for transfusion of his blood to the impoverished body of the injured young man.

The County Hospital six weeks after the stabbing.

Young was a private guard employed by the Liberty Fair and on the witness stand yesterday said he thought he was subject to military law. It was stated, however, that the man in command of A. L. Anderson, was employed merely as private guard.

GET MORE TIME.

Extension of Special Water Rate Period Means More Planting.

San Fernando Valley ranchers are to have fifteen days more to make use of the half-rate for irrigation water in preparing their lands for spring crops.

The Board of Public Service Commissioners discussed the general situation yesterday, and decided that this extension of time should be made. The special rate will be effective up to May 15.

Delegations of ranchers have been visiting the water department of the city since the extension of time for such an extension, stating that they have been unable to cover as much land as desired within the time the rate has been in effect, and showing that with the extension of the rate a greatly increased acreage will be planted, which will create a new income during the summer season for the water department through the regular rates.

The board will send its action on the extension of time for the half rate to the City Council this morning, asking for the approval of that body.

GETS DIVORCE FOR SLEEPING ON FLOOR.

HUSBAND WANTED MORE THAN HIS SHARE OF BED, WOMAN TESTIFIES.

A selfish husband figured in the divorce suit of Mrs. Ethel M. White, who was granted a divorce by Judge Crali yesterday from Robert Craig White.

One night Mrs. White, whose marriage was so ruptured at San Diego, was forced to sleep on the floor during a visit with her husband at the home of her mother, Mrs. C. C. Corp, of 1130 Summit avenue. She said her husband told her to sleep there and she had to comply. Judge Crali wanted to know why.

"I told him to move over. I did not have enough room. He would not budge. He told me if I did not have room enough in the bed, I could sleep on the floor," Mrs. White testified.

Two months after their marriage, Mrs. White said she was going to quit. He declared a witness testified, he had another girl. The couple separated on December 15, 1917.

After the decree was granted and Mrs. White, her mother and friends declared joyfully into the corridor. Mrs. Corp, feeling happy at the result of the suit, kissed her daughter's attorney, George W. Crouch, very much to his embarrassment.

ADJUDGED A BANKRUPT.

Magnetic Corporation Doesn't Appear to Fight Creditors' Action.

In the absence of its legal representatives, the United States Magnetic Corporation, also doing business under the name of the Riggs Silver Mining Corporation, operating eleven mining claims in what is known as the Silurian mining camp, in San Bernardino county, was adjudged a bankrupt by United States District Judge Trippet, yesterday.

Some time ago a creditors' petition was filed against the company, alleging that it was bankrupt, the petition being filed by Union Hardware and Metal Company, Pacific Mill and Mine Supply Company, Kennard &amp; Sons, and R. P. Church, all of Los Angeles. The company denied bankruptcy, and the trial of the issues was set for last week, when after a jury had been summoned, it appeared that the defendant corporation had not furnished its attorney any information with which to fight the case. The jury was dismissed, and the court charged the cost of impounding the jury amounting to \$40, upon the defendants. When the case was called yesterday the complaint was uncontested, and the court found a bill of \$112.80 against the company, including jury fees and cost of witnesses.

LAST TRIBUTE PAID TO JOHN LLEWELLYN.

John Llewellyn, vice-president of the Llewellyn Iron Works, who died in New York last Wednesday, was buried yesterday at Forest Lawn Cemetery, following services at the First Congregational Church. Dr. Carl F. Patton, pastor of the church, officiated and Oscar Mueller, former president of the Chamber of Commerce, told of the upright life and sterling character of Mr. Llewellyn. Prominent business men of Los Angeles, as well as many employees of the iron works were present. The flowers included a tribute from the men of the works, a delegation of whom acted as pallbearers.

## ON LICENSE SCHEDULE.

New Businesses to be Added to Pay List—Others to Get Out Rates.

Within a few days, it was stated yesterday, the Finance Committee of the Council will take up the matter of readjusting the entire business license schedule now in force, so as to make it more equitable. It is probable that businesses now unlicensed will be asked to bear their share of the burden and those now paying license will have their rates reduced.

Representatives of various lines of business will be asked to confer with the committee and Efficiency Director McQuinn, so that their views may be fully ascertained before the final draft of the schedule is submitted to the Council for action.

## VETERAN VS. VETERAN.

Civil War Man Accused by Other of Embezzlement.

Attired in the uniform of a veteran of the Civil War, Cyrus L. Wood, 66 years old, will appear today as a defendant in a trial for grand larceny and embezzlement. His case will be heard before Judge Houser and the complaining witness is J. T. Maxwell, 35 years old, also a veteran.

Wood is accused of having stolen \$150 Liberty Bonds and a bank check, later filled out for \$500, all the property of Maxwell. Mr. Maxwell resides at 404 Second street, Bawleia, and Wood lives at the old Soldiers' Home. At the preliminary hearing, Wood acted as his own attorney. But will be represented by the Public Defender to day.

## POPULAR SELECTIONS AT FRENCH EXHIBIT.

Virginia Ware will sing popular selections at the French exhibit, 123 South Broadway, during tea hours this afternoon. She will be accompanied by Miss Florence Benedict, who later will give piano selections.

Mrs. Frank Dale will sing French songs, accompanied by Miss Marion Geismar. Mrs. O. W. Hurlbut and Mrs. H. C. Rose will be the hostesses for the afternoon and Miss Hazel Welmer will serve. Mrs. James H. Adams and Mrs. O. M. Souden will entertain parties. The exhibit is open from 11 a. m. to 8 p. m. and from 7 p. m. to 9 p. m. Salaries and other expenses are being defrayed; others pay a small fee for the use of returned service men.

## TWO SENATORS ARE THIS CITY'S GUESTS.

THEY'RE ASHURST AND LENOIR; LATTER THINKS THERE MAY BE EXTRA SESSION.

Los Angeles entertained two United States Senators last night—Irving Luther Ashurst, Republican, of Wisconsin, and Henry F. Ashurst, Democrat, of Arizona.

Senator Ashurst, whose home is at Prescott, is registered at the Van Nuys, and often comes here, where he has many friends.

Senator Lenoir left Washington yesterday and is expected here today to take a vacation trip through the West. He motored yesterday from Los Angeles to San Diego, and will continue on today to Berkeley, where his daughter, Senator Lenoir, said, "last night that he is confident that the bill will pass in extra session sometime before July 1, when it is expected that the Senate will ratify the treaty."

On March 18, the Senator made a speech in the Senate in which he declared in effect that the treaty of concluding peace with Germany, Congress had the right to declare a separate peace on behalf of the United States. In that speech the Senator declared that the League of Nations might be in favor of the Paris league under many conditions and modifications.

Senator Ashurst is in favor of the Wilson League of Nations, unqualifiedly.

## TELLS OF SPOTTING FIRES BY BALLOONS.

At the monthly banquet and meeting of the Engineers' and Architects' last evening, Lieut.-Col. L. J. Mygatt, commanding the Army Balloon School at Arcadia, told of experiments made in spotting fires by means of balloons. He thought balloons might prove of not a little value for this purpose in natural conditions.

The meeting was addressed also by J. W. Ludlow of the harbor engineering staff, who spoke of the use of the harbor improvement bonds to be voted on at the coming election, and by Congressman Osborne H. Johnson, Jr., president of the association, presided.

## RECORD LIFT CONTRACT.

What is said to be the largest elevator contract ever made in Southern California is being lifted at the Union Terminal warehouse, Seventh and Central avenues, by the Baker Iron Works of this city. The contract calls for the installation of a total of thirty-five special combination elevators, every part of which will be designed and manufactured in Los Angeles, except the motors, which are of the Westinghouse type and were manufactured by that company in the East.

Because of the size of the contract and the importance of the Union Terminal warehouse to this city, the installation is being watched by the usual interest in the local business and industrial field. The contract was secured by the Baker Iron Works in competition with the leading eastern elevator manufacturers. It called for a total of thirty-five special combination elevators to be made in accordance with a special design and constructed to meet special conditions. They are of the combination type, for the accommodation of both passenger and freight service, and will have a load capacity ranging from 1500 to 6000 pounds. Each will be equipped with an individual motor, the Baker company is putting the finishing touches on twenty-nine, and six remain to be assembled and installed.

Elevator construction has grown within the past few years to be an important feature of several large Los Angeles industrial plants, especially since it has been demonstrated that local firms are able to meet eastern standards in construction terms. Other recent contracts handled by the Baker company include elevator installations at the Edison Building, Third and Broadway; the County Hospital, and the newly-completed annex to the Haywill Hotel.

The Union Terminal warehouse improvement is the largest of its kind in Southern California. Two immense reinforced concrete buildings, designed to house a big number of wholesale produce firms, have been completed. The buildings, approximately 175,000 sq. ft. and a third follow. These buildings are 700 feet long by 100 feet wide and contain great modern facility for warehouseing.

## TRADE ENVOY TO AUSTRALIA.

Commerce Chamber Emissary Leaves Tomorrow.

To Promote Our Shipping to the Antipodes.

Will Use Motion Pictures to Show Our Products.

Bearing letters from the Chamber of Commerce, a commission from the Board of Harbor Commissioners and representing a trade organization recently established, Albert Goldie will leave Los Angeles tomorrow for Australia to promote shipping from the harbor to the ports of Australia, New Zealand and the South Sea Islands, and consequent interchange of products. He will be accompanied by a trade representative from the Chamber of Commerce, and a representative from the Southern California agency in which will be displayed samples of products of this section, where every facility will be installed for shipping and an accurate information regarding the industrial and commercial progress of Southern California.

Mr. Goldie, who is an Australian by birth, has lived for years in the United States, and is thoroughly familiar with American institutions. He has been instrumental in organizing the proposed trade interchange with Australia, and will be represented by the Public Defender to day.

## OUR BIRD OF FREEDOM COMES FROM ORIENT.

The Occidental and Democratic Eagle whose modern scream symbolizes American liberty was once an oriental and autocratic bird and has been screaming for freedom since it was first introduced in Babylon.

This information was imparted to the national academy of sciences here today by James H. Brewster of the University of Chicago in a lecture on the evolution of the eagle.

After delving deeply into details of Babylonian civilization, Brewster discussed his knowledge of the eagle's ancestry as follows:

The eagle, which is a symbol of state first appeared in Babylonian times, and was used by the Assyrians and Persians. It was introduced into the United States by the American people, and has since become a symbol of American liberty.

The eagle is a bird of prey, and is known for its strength and courage. It is a symbol of power and authority, and is often used to represent a nation or a government.

The eagle is a bird of freedom, and is known for its ability to soar high into the sky. It is a symbol of hope and aspiration, and is often used to represent the American dream.

The eagle is a bird of peace, and is known for its gentle nature. It is a symbol of harmony and unity, and is often used to represent the American people.

The eagle is a bird of justice, and is known for its sense of fairness and equity. It is a symbol of law and order, and is often used to represent the American legal system.

The eagle is a bird of wisdom, and is known for its ability to see far into the future. It is a symbol of knowledge and insight, and is often used to represent the American mind.

The eagle is a bird of courage, and is known for its bravery and valor. It is a symbol of heroism and sacrifice, and is often used to represent the American military.

The eagle is a bird of faith, and is known for its loyalty and devotion. It is a symbol of trust and confidence, and is often used to represent the American people.

The eagle is a bird of hope, and is known for its optimism and positivity. It is a symbol of dreams and aspirations, and is often used to represent the American future.

The eagle is a bird of love, and is known for its affection and care. It is a symbol of compassion and kindness, and is often used to represent the American heart.

## GRAFT EVIDENCE ALL IN TODAY.

**Defense is to Rest this Afternoon and a Verdict May be Reached Friday; Categorical Denials of Karr's Story Feature the Mayor's Side of the Case.**

Woodman bribery case was to the jury not later than noon, and the attorneys on both sides believe the question undoubtedly will be settled this afternoon. The introduction of evidence was finished tonight, according to the schedule made late yesterday.

The defense is to rest this afternoon, and the jury will begin its deliberations tomorrow. The case is expected to be decided by Friday.

that Karr said he'd make it \$2000, whereupon he (Reuter) said "Forget it."

The main thing brought out in this examination was that Reuter was once a candidate for appointment as secretary of the Harbor Commission and that Mayor Woodman did not appoint him.

BAR OUT RECEIPT.

Second in importance to the ruling out of the Woodman grand jury transcript, which the court held was too immaterial for consideration, was the ruling out of a special delivery letter which Karr had said he "thought" he mailed. The court held that the connecting link was missing, and said that "the letter might have been written by the Speaker of the Legislature for all the prosecution knows."

P. P. O'Brien of the Board of Public Works, was called by the prosecution and asked to testify regarding a talk that he and Mayor Woodman and Karr had relative to the Mayor's contemplated trip East. The testimony was ordered stricken out and Mr. O'Brien was excused.

Dist. Atty. Woolwine called Ned Powell again yesterday and undertook to find out just how intimate he had not often been required to wait while Karr visited with the Mayor. The prosecution referred to Mr. Powell's testimony before the grand jury, being desirous of impeaching his testimony, but the court ruled that the jury could do as it pleased about the matter.

Several times the court felt obliged to instruct the jury to disregard the court's remarks as to being no material difference between the grand jury transcript and the testimony Mr. Powell was giving. The court laughed and replied that the jury could do as it pleased about the matter.

Harry E. Andrews, managing editor of The Times, testified that he had received orders from the city auditor, Karr, to print a campaign fund for the Mayor.

Q: Did he ever discuss with you the idea of getting campaign money from gamblers and prostitutes?

A: No.

Q: Why did you invite Mr. Karr to your house?

A: Because the Review had listed Mayor Woodman and me as enemies. I wanted Karr to print an item to the effect that Woodman and I were not enemies. I don't think the Mayor knew that Karr was to be there.

Q: This was on Monday, December 20? And are you a member of the Union League Club which was raided on December 25?

A: Yes.

Q: Was the raid discussed at this dinner of yours?

A: Yes. I said any man who would lead such a raid ought to be removed. The club had advised with the city prosecutor and was trying to obey the ordinances.

Q: Was anything said about having Hatter make a prison warden?

A: I don't recall, but I think it was mentioned.

Q: Was anything at all said about raising a campaign fund for the Mayor?

A: No.

Q: Did you have the conversation with Karr that he talked about, relative to the negroes making him a proposition to create a campaign fund?—the one in which he said you'd better go see the Mayor about it?

A: No sir.

Q: Did you tell Karr the proposition to collect money from negro gamblers sounded good to you?

A: No sir.

Q: Did you talk with Karr in his room at Sacramento relative to raising a campaign fund among Chinese and negroes?

A: No sir.

Q: Did any part of what Karr said?

A: (Continued on Eighth Page.)

was the series of flat denials by men named by Karr of the story he (Karr) told. George Henderson, who Karr says gave him the first \$250 for getting Cholo Johnson removed from the Metropolitan Squad. He said he did this because Johnson threatened his life. Henderson denied any knowledge of the alleged campaign fund transaction and said he knew nothing about a deal to "put Hackett over."

Tom Hughes stated that when Karr approached him with the campaign fund plan he told Karr that the Mayor would not stand for any such a procedure regarding his campaign, and that when he (Hughes) intimated to the Mayor what Karr had said, the Mayor had exclaimed: "Not in a thousand years; we never have taken any of their dirty money and we don't intend to take any of it!" Mr. Hughes flatly denied most of Karr's story as relating to himself.

The cross-examination of George Reuter by LeCompte Davis brought out the following:

REUTER'S TESTIMONY.

Q: You once sought to be appointed secretary of the Harbor Commission?

A: Yes.

Q: And he refused you?

A: Yes.

Q: He simply did not appoint you?

A: Yes.

Q: You were familiar with Mayor Woodman's last campaign?

A: Yes, I was his manager.

Q: Were you familiar with the methods by which his campaign funds were raised?

A: Yes.

Q: Did you receive any support from persons interested in gambling and vice?

A: Not that I know of.

Q: Wasn't Woodman's attitude directly adverse to such interests?

A: Yes.

Q: Prior to the first of January this year had any campaign committee been organized by or for Mayor Woodman?

A: No.

Q: Prior to that date had three people been delegated to collect and hold a budget for the purpose of re-electing Woodman?

A: Not to my knowledge.

Q: Have you been in close touch with local political affairs during the past year?

A: Yes.

Q: Prior to the night he was at your house had Horace Karr discussed with you the raising of a large campaign fund for the Mayor?

A: No.

Q: Did he ever discuss with you the idea of getting campaign money from gamblers and prostitutes?

A: No.

Q: Why did you invite Mr. Karr to your house?

A: Because the Review had listed Mayor Woodman and me as enemies. I wanted Karr to print an item to the effect that Woodman and I were not enemies. I don't think the Mayor knew that Karr was to be there.

Mrs. Maud Kafitz, the widow of the plaintiff in the Kafitz will contest.

Plaintiff and Defendants in Kafitz Will Contest.

## WILL FIGHT TO BE BITTER.

**Two Women on Jury in Kafitz Case; was Young Wife Unfaithful?**

A jury of ten women and two men was selected in Judge Myers' court yesterday in the Kafitz will contest case, which has come to trial after several postponements and many sensational statements. Viewed from any angle, the trial is expected to prove bitter. Joseph Scott represents the widow, Mrs. Maud M. Kafitz, who was cut off in the will of her husband, William Kafitz; J. L. Murphy and Oscar Lawler are counsel for the niece and nephew, Mrs. Lizzie Midget Kafitz and Willy Kafitz, who received the bulk of the \$75,000 estate.

The opening statements of Mr. Scott and Mr. Murphy yesterday pictured Mr. Kafitz, on the one hand as a morose and moody man after the war broke out, and on the other as a peaceful man who went to church. He was proud of his young and pretty wife, said Mr. Scott. Mr. Murphy said he expects to show that Mrs. Kafitz was unfaithful to her aged husband.

The shooting of Mr. Kafitz by his wife is one of the big features of the case. Apparently there were no eyewitnesses to the affair. The first witness called yesterday was Mrs. Lizzie Midget Kafitz, the niece of the deceased. She heard the shot and was asked to describe Mrs. Kafitz's appearance. She said: "There was a bad mark over the eye; her neck was bruised, her dress torn, hands bruised and blue, the back of her neck injured and we had to hold her up in assisting her upstairs."

OTHER MAN IN CASE? She said she saw Mr. Kafitz at the hospital where he was taken suffering from his wounds.

"He told me his wife tried to kill him so he could go with another man. I told him that was impossible; if he died she would not have the chance to go with another man. He insisted that was what she wanted to do. I told him he was imposed upon, that his mind had been poisoned against his wife. He replied: 'Yes, you don't know all the trouble. When I went away, a man came to the house and went up stairs. She broke her marriage vows.'"

Mr. Murphy, in his opening statement, alluded to this incident of the man calling at the house while Mrs. Kafitz was in San Diego.

"Mrs. Kafitz became acquainted with two other men he told the jury. 'Yes, I will tell it. The name of one was George Campbell. She took him out riding and Mr. Kafitz knew nothing about it. She took him to Venice and she told the chauffeur not to say a word about it to Mr. Kafitz.'"

The attorney then told the alleged incident of a letter Mr. Kafitz was expecting from a man. She waited, but the postman did not come and she instructed the maid to look for it. The maid said she did not find it. Mr. Kafitz was not to be given it.

THE EXHAUSTING LETTER. The letter came while Mr. Kafitz was at home and he opened it. Mr. Murphy said it was signed George and was an exhausting letter.

"Mr. Kafitz became moody; he was distressed," continued Mr. Murphy. "He told the maid to read the letter. She did so and Mr. Kafitz charged his wife with infidelity in the presence of the maid. She asked forgiveness. He refused and told her to leave the house and take what she wanted. She (Continued on Third Page.)

## SISTER OF JAY GOULD IS DEAD.

**Last of Original Family is Taken in this City.**

Pioneer in Work of First Methodist Church.

Endowed Many Institutions; Funeral Tomorrow.

After a life of extreme activity, characterized by courage, patriotism, charity and self-sacrifice, Mrs. Anna Gould Hough, 89 years old, widow of Rev. A. M. Hough, died Monday night, at her residence, 1037 West Third-street.

Mrs. Hough was born in New York State, May 7, 1830. She was the daughter of John B. Gould, and sister of Jay Gould, the financier. With her death the last of the original Gould family has passed away. She leaves no relatives except the descendants of Jay Gould.

In 1855 Mrs. Hough married Rev. A. M. Hough, a member of the New York conference of the Methodist Episcopal Church, and they lived successfully at Wyndham, Greenville, Tuckahoe, Poughkeepsie City and New York, during the first nine years of their married life. Then they went to Montana, where they opened a mission of the Methodist church at Virginia City, and in 1885 came to Los Angeles.

From the second story window of her room, Dr. Boyle, according to the police, cleared the street in front of the hotel without causing much damage, and would have been able to hold his point when he opened fire on persons passing the hotel.

Fighting from the second story window of his room, Dr. Boyle, according to the police, cleared the street in front of the hotel without causing much damage, and would have been able to hold his point when he opened fire on persons passing the hotel.

Some five minutes later, leading a procession of newsmen and other persons, Patrolman Phillips arrived at the Receiving Hospital. Under one arm the huge policeman firmly held the kicking and struggling Dr. Boyle, and with his free hand he waved the captured revolver.

"I've been told," Patrolman Phillips remarked to the world at large, as he turned over to police surgeons his struggling and protesting captive, "that the real way to fight is to present the smallest front possible and carry the fight to the enemy."

Resting his elbow gently on Dr. Boyle's chest, and crossing his feet, Patrolman Phillips went on to explain that acting upon advice secured from a returned hero of the Arizona, he had turned sideways, in order to present a small front to the enemy, and charged into the doctor's room. A handy paper weight which Dr. Boyle laid the gun-fighting doctor low and the battle was won. Dr. Boyle was ordered held for examination.

SELL LONG BEACH BUILDINGS. Under resolution adopted by the Board of Supervisors, the Long Beach buildings located on a strip of land at Long Beach designed for the big food control channel, will be sold at public auction beginning May 20. They include two factory buildings, a hotel, a large apartment house, a house, eight small shops, a grocery store and an oil station.

Los Angeles, overlaid, traveling by mule train, arriving here in October of this year.

HERE FORTY-FOUR YEARS. Mr. Hough was appointed the first pastor of the First Methodist Church of Los Angeles in 1875 and after serving in that capacity for several years, he and his wife moved to San Francisco, where for four years Mr. Hough was engaged as a minister.

In 1878, when the Southern California Conference of the Methodist church was organized, Mr. Hough was appointed presiding elder for the Los Angeles district and he served here with his wife; since that time Mrs. Hough had resided here continuously. Mr. Hough died in 1908. Notwithstanding that Mrs. Hough had been an invalid for several years and confined to her home, with devoted care she kept the church constantly advised of what was going on in church circles and was well advised in all national questions. Though naturally a frail woman, she lived an active life.

Many church institutions of this city have been endowed by Mrs. Hough. The University of Southern California received a large endowment from her when her husband died and she also created at that time an endowment for retired pastors of the Methodist Episcopal church.

All Mrs. Hough's life, according to those who knew her well, was devoted to helping other people. Her spiritual power, home life and financial aid were always used for the betterment of other people.

Funeral services will be held at the University Methodist Episcopal church, at 2 o'clock tomorrow afternoon. Arrangements for the service have not been completed, but it is believed all the Methodist ministers of Los Angeles will attend. Burial will be in Roseade Cemetery. Breese Bros. will have charge of the funeral.

ALLEGED CHECK FRAUD. Man Held to Answer for Mot Against Local Bank. W. R. Patty, alias G. W. West, accused of issuing checks without funds, to defraud various banks out of sums from \$25 to \$75 was yesterday held to answer by Justice Palmer.

He is accused of having sent a telegram from Oxnard to the Commercial National Bank in this city, signing it "Bank of A. Levy," of Oxnard, requesting the local bank to place \$25 to the credit of West and waive identification. He was arrested when he presented a check for the amount.

Panic on Main Street Ended by Nerry Policeman.

Charges Room, Lugs Shooter Off Under One Arm.

Armed with a heavy revolver and barricaded in his room at 138 South Main street, Dr. John Albert Boyle, 40 years old, a chiropractor and co-venter, late yesterday afternoon was the cause of a small riot when he opened fire on persons passing the hotel.

Fighting from the second story window of his room, Dr. Boyle, according to the police, cleared the street in front of the hotel without causing much damage, and would have been able to hold his point when he opened fire on persons passing the hotel.

In 1878, when the Southern California Conference of the Methodist church was organized, Mr. Hough was appointed presiding elder for the Los Angeles district and he served here with his wife; since that time Mrs. Hough had resided here continuously. Mr. Hough died in 1908. Notwithstanding that Mrs. Hough had been an invalid for several years and confined to her home, with devoted care she kept the church constantly advised of what was going on in church circles and was well advised in all national questions. Though naturally a frail woman, she lived an active life.

Many church institutions of this city have been endowed by Mrs. Hough. The University of Southern California received a large endowment from her when her husband died and she also created at that time an endowment for retired pastors of the Methodist Episcopal church.

All Mrs. Hough's life, according to those who knew her well, was devoted to helping other people. Her spiritual power, home life and financial aid were always used for the betterment of other people.

Funeral services will be held at the University Methodist Episcopal church, at 2 o'clock tomorrow afternoon. Arrangements for the service have not been completed, but it is believed all the Methodist ministers of Los Angeles will attend. Burial will be in Roseade Cemetery. Breese Bros. will have charge of the funeral.

## SECRET UNION HAPPY SEQUEL.

**Divorced Wife of Interned Hun Weds Officer.**

Ceremony Hastily Decided on During Night Trip.

Romance Recalls Famous San Diego Divorce Case.

The secret marriage last Saturday night of Mrs. Emma James of San Diego, divorced wife of Karl Offer, a German now interned, and Sergt. Maj. Percy W. Knighton of the United States Intelligence Service, was made known yesterday, adding another sequel to the remarkable James-Offer case, this time a happy one.

The marriage took place at Santa Ana, while Mrs. James, her mother, Mrs. Zuleika James, and Mrs. Emily Saville of this city, and Sergt. Maj. Knighton were on their way here from San Diego, the pair suddenly determined to marry and a license was secured and the marriage performed that evening at 10 o'clock. They then drove here and spent the week-end in this city, and returned to San Diego Monday.

The bride figured in a sensational divorce suit over a year ago when she sought a divorce from her husband, Karl Offer, known as Capt. Offer. Suit for the divorce was filed the day after Offer had been arrested by Federal authorities suspected of actions inimical to the government. When arrested he and his wife had been separated for two weeks.

DIVORCE OFFER. Offer was taken to Fort Douglas, Utah, and interned, and after many months in consideration of technical questions of international law, Mrs. Offer was given a decree of divorce. When she received her final decree she took her maiden name.

While engaged in working with government officials concerning her husband's case Mrs. Offer became acquainted with Sergt. Maj. Knighton, and soon the pair were seen much together. He was formerly with the Twenty-first Infantry, and came here from Charlotte, Va., his home.

Mrs. James, formerly a prominent club woman, came here from Washington, D. C. She is descended from the Gov. Bradford family of Massachusetts, and is a member of the Mayflower Society, the Colonial Dames, the Daughters of the Revolution and other organizations.

To conceal her identity for a time the bride's name was given in the marriage license record as Sanford, but her age is 29, and that of the groom 27. Mrs. James has been married twice before.

**OPEN SEASON FOR WHALES.**  
Under the new law the only game that can be shot from an airplane is a whale. Also it is still permissible to bomb whales from buzaneros or motor launches. The whale has few champions among the game lawmakers. Anyone stumbling on the fresh spoil of a whale is permitted to plug the animal on sight with whatever artillery he may have on hand. Why the whale should be thus marked for destruction is not clear. The whale is not the whale is perfectly harmless beast, saving no grudge against any man. They will not even bite a loan shark unless provoked. There is no reason why they should be left at the mercy of every pea-shooting armament. That was no way for the legislators to celebrate the new law. It set aside the dumb animals.

Another thing, how does the moon pro-

ment. His efforts in behalf of Los Angeles Harbor are worthy of special mention. While it will not be possible for him to make a personal campaign by reason of the near approach of the primaries, The Times believes it would be a loss to the city if he failed to qualify and for that reason calls the attention of voters to the fact that the Assemblyman Fleming who did so much to secure for Los Angeles a branch of the

### SUNRISE WILL GREET ANGLERS.

Many of Walton's Disciples to be Abroad.

Will Look for the Trout in Remote Waters.

Big Bear Lake Now Leads in Anglers' Favor.

One hour before sunrise tomorrow morning will find many Los Angeles fishermen scattered about the river and lakes of District 4, busily engaged in attempting to land early limits of the trout that are reported to flourish in the remote waters of the streams.

Preparations for the opening of the local season are exceeding the efforts made to greet the northern opening, which recently established a record of its sort.

True to precedent, Big Bear Lake leads in favor with the anglers with Little Bear and Cuyamaca. Lakes ranking second among the ponds, and the San Gabriel leading in numbers among the streams.

The Malibu, Deep Creek, Siquo, Piu Creek, Big Toluca, King's, and Holcomb Creek are among the streams that may expect strenuous work to-morrow.

For the benefit of the Big Bear anglers, the following list of road advice from the scouts who have been over the route recently may be of value. They agree that the short road in good condition is by the Hesperia cut-off instead of by way of Victorville.

To take this road, anglers should turn to the right at Hesperia and go by way of Dead Man's Point. This short cut saves something like sixteen miles of desert travel.

Reports on the fishing prospects remain unchanged. Fish are plentiful enough in both streams and lakes to give good opening-week sport to most of the anglers but there is a possibility that the rivers will be exhausted before the end of the season. There seems to be no danger of a shortage of fish in the lakes.

Among the many sportsmen who will try their luck at Big Bear Lake are the following well-known anglers: F. W. Potter, G. B. Clark, W. H. Wilshire, Dr. H. H. Hutton, Dr. P. Powers, J. Bright, B. M. Conlin, W. L. Standard, T. J. O'Key, Murray Vosburg, Dr. D. G. Porter, George Kerby, George T. Cline, Robert Cope, E. C. Miller, Walter Hemple, Charles Richards, Walter Keating, Ralph See, John Fowles, owner of the Los Angeles Baseball Club, Mel Norlinger, Walter Kaye, Earl Mueller, Harold LaGrange, Bob Weaver, Fred Thatcher of Tufts Lyon, Louis Brer and Lee Garney.

E. C. Houser will head a party which will fish the Owens River country, according to Fred Thatcher. Reports on this stream have not come in as yet but unofficial reports say that there are plenty of fish for the experienced anglers.

J. L. Hamber, O. S. Withrell and party, Dr. W. E. Cooper, Dr. W. F. Fuller, Alex Sealock, Leslie J. Sealock, Capt. R. J. Scott, Dave Menzies, Frank Alexander and John Phelps.

Judge York and Schuyler Cole will visit the Owens on the opening day and expect to spend a few subsequent days in that region. W. M. Ward and Fred Adams are planning their hopes of limits on the Piu Creek.

The Malibu, always a favorite of the fishermen, will see among others the following fishermen in action: E. E. Sellers, W. C. Harverson, J. J. Powell, Floyd Crane and Edward Salladay.

### SPORTING BLOOD IS FIRED. FIRST ROUND GOLF MATCHES.

(SPECIAL CORRESPONDENCE.)

SANTA BARBARA, April 29.—Entries arriving yesterday, the delivery of which was delayed by Uncle Sam, have brought the total number of exhibits for Santa Barbara's horse show up to 262.

Although the lists closed Saturday at midnight, the committee decided to recognize the belated entries because they came from the outside and their owners were not to blame for the lateness in arriving.

Everything is in readiness for the horse show opening on the Belvedere grounds, next Friday afternoon, at two o'clock. The ring is finished and the last coat of yellow and green paint applied. The tan-bark is being put on and worked in. The opening-day promises to be a gala event, for two of the most important features of the show are scheduled for it.

Chian, the world's unbeaten trotting champion, will make his appearance, ridden by Peter Hastings. As there is no possible competitor to exhibit him, his owner, Cornelius K. G. Billings, consented to exhibit him. The other big event will be the half-jumping contest, in which some surprises are promised as a half dozen horses with records of six feet and better have entered. Brush hurdles will be used.

Each one of the twenty classes is well filled with expressive entries. Twenty-six different stables will be represented by more than a contingent. They will begin to arrive tomorrow. Stables on the Belvedere grounds have been specially fitted up to house them while in town.

As the net proceeds of the horse show are to be allotted to the Associated Charities of Santa Barbara, unusual interest is taken in the exhibition and a financial success is going to be a lively competition for accommodations. By the time the show opens, it is expected that seats will be at a premium.

The sporting blood of Santa Barbara's clan of horsemen has been brought in by outside exhibitors to carry off the premier honors of the first annual local horse show, which will be held on the Belvedere grounds, next Friday and Saturday.

For the express purpose of trying to keep the cup here, Elmer J. Boeske, Jr., has just bought a new trophy with a record of seven feet.

The horse reached Santa Barbara by express from the East yesterday and has been given the name E. J. B. He was sired by Attamuck and dammed by Dangerous Maid.

Boeske expects to ride his latest acquisition in the hurdling event. E. J. B. arrived just in time to be entered for the show, before the closing of the lists.

The Boeskes have gone to large expense in the purchase and promise some surprises.

This is the sort of sportmanship that adds zest to a horse show and lifts it out of the rank of cut and dried events. The local management is a number of men of equal promise and features to offer to patrons which insure an interesting season as has been seen outside of Madison Square Garden, New York.

It is expected that some new records will be established for future horse shows here and elsewhere to try to surpass.

Everyone still remembers "Buffalo Bill," whose real name was Col. William Cody, as one of the finest horsemen America ever produced.

He is now in the city, recently heard about Santa Barbara's horse show and decided that he

### Spring Handicap at the L. A. Country Club.

Event is Attracting Great Deal of Attention.

Sixty-four Entrants are in the Initial Play.

First round matches in the Los Angeles Country Club's annual spring handicap golf tournament are occupying the attention of the golfers at the Beverly social institution this week. Matches may be played at any time before Sunday night at the convenience of the players.

Most of the matches will be played off Saturday and Sunday, as the drawings were just completed from the qualifying round scores of last Saturday.

Judge William Frederickson and H. A. Mackinney were the men of the qualifying series, both reporting 18 for the eighteen holes. L. A. Elliott ranked next. He made the round 19 in 80.

Sixty-four entrants are slated to meet in the initial round now under way. The surviving thirty-two will meet next week in the second round, under similar conditions.

The drawings for the first round follow: William Frederickson vs. C. L. Peck, Walter H. Leeds vs. J. A. Arnold, H. B. Brown vs. J. J. Carlisle, J. W. Burns vs. D. Hudson, L. D. Sale vs. Edward B. Tufts, A. B. Macbeth vs. C. F. Mason, Phil Forre vs. Francis Moulton, G. M. Wallace vs. Frank Kleih, H. M. Snyder vs. Dr. J. V. Cooke, Dr. W. Bren vs. E. C. Harker, A. J. Walters vs. Dr. S. Hunt, L. YACHT CLUB TO HAVE OPENING.

The South Coast Yacht Club will hold its annual opening May 17 and 18, according to the recently published schedule of the club's activities. The opening ceremony will be held at the club's headquarters, 410 South Spring St., and the usual dinner dance will be held on Sunday, the second day.

The commodore's cup race over the 18-mile panhandle course will be held on May 25. A cruise to Catalina with a dinner dance at the hotel is the other attraction of the month. This will be held on May 31 and the return cruise will be extended over the succeeding two days.

Among the many names already in the hands of the committee are the following: William Campbell, Elmer Ralphs, Judge Frederickson, Edward Tufts, Bill Niven and Roy Tufts.

### GYM ENTRIES FLOCKING IN.

A.A.U. Tournament will Take Place in May.

Eight Contests and Exhibitions Arranged.

Interesting List of Events on Programme.

Entries for the national A. A. U. gymnastic tournament, which is scheduled to take place at the Los Angeles Athletic club on May 19th, are beginning to flock in, according to John Burke chairman of the gymnastic committee of the local branch of the A. A. U.

Eight contests and a number of special exhibitions have been arranged for the championship gymnastics meet. As yet no entries from the other side of the Rocky Mountains have been received, but it is expected that there will be a large number of western performers on hand to compete for the beautiful medals that will be awarded the lucky winners.

What should prove an innovation to the meet is the staging of a number of athletic and gymnastic dances, the principals of which will be representatives of the fair sex.

Following is the list of events: tumbling, long horse, rings, horizontal bar, weight lifting, side horse, rope climbing and parallel bars.

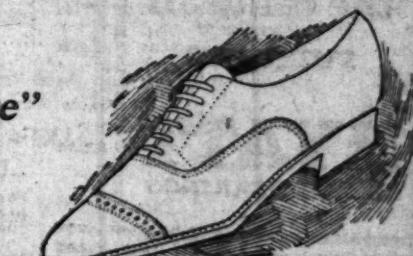

The L. A. A. C. will be strongly represented in the tourney. In the weight lifting event, the local club is practically sure of winning first honors as Noah Young and Rex Jones will undoubtedly be on hand to display their heavy weights.

It is expected that a number of the youthful gymnasts of the various high schools will participate, while the prep schools and for that reason, the local high school athletes will be out strong.

Expected to be a strong team from the Olympic Club in San Francisco, while the Mott normal club of Portland, Oregon, and the Sacramento Athletic Club, will probably send men here to compete.

# SHOOT FIRST LEG OF SERIES.

Los Angeles Organization Be-  
comes Real Busy.

Series to Decide the Cham-  
pionship of Club.

Couch Myrick Leads Field in  
Initial Event.

The Los Angeles Rifle and Re-  
volver Club, shot at its Glendale  
range, last Sunday, the first leg of  
a series of matches to decide the  
military rifle championship of the  
club for 1919.

Several of the contestants were  
in hard luck, being put out of the  
running through the inferior war  
ammunition. Dr. Packard and S.  
H. Hart were the best. The latter  
was the only one who was able to  
shoot the first leg of the series.  
Coach Myrick, the redoubtable  
marine, led the field with 4750 at  
200 yards in the off-hand position.  
However, Secretary Desert was able  
to reel off the only possible of  
the day in the rapid fire at 500 yards,  
thereby winning the first leg of the  
championship shoot. Needless to  
say Myrick and Desert did not have  
any shot to be made, as they shot  
ammunition made years ago, when  
Kaiser Bill was still a King.

After the above scores were pro-  
duced, the deer slayers got busy and  
shot at the running deer, which is  
the latest attraction at the range.  
This programme is shot according to  
rules and regulations of a stalking  
deer hunt, the hunter walking a  
path parallel to the running deer  
which appears and stands still for  
two and one-half seconds, then pro-  
ceeds to his hiding place after run-  
ning the gauntlet of fire for seventy-  
five yards. The hunter comes to a  
standstill the minute he spots the  
deer, and the begins firing. The  
game is not as easy as it looks, as  
many hunters failed to bring in the  
bag. The real test will be decided  
on June 1, as on that date Mr. H.  
C. Sargent has donated a valuable  
cup to the best deer slayer of Southern  
California.

Next Sunday the pistol and re-  
volver match will be staged, con-  
sisting of thirty shots slow fire at  
fifty yards.

Dr. M. Packard has divided his  
gun pointers into class A and B. A  
first prize will be given to the  
winner of each class.

The only way to explain Eldred's

on the game is problematical.  
Wolter immediately delivered a dou-  
ble that would have counted Eldred,  
and scored himself on a single by  
Griggs. This would have meant two  
runs across, with a runner on first  
and one out. Orr ended the com-  
bat with a roller to Fournier. It is  
our private opinion that Los An-  
geles would have won, anyway. Sev-  
eral of the Angels told me after the  
game that they had no intention of  
losing, no difference what happened.

The score:  
Los Angeles 10, Angels 0.

## NEW MOROSCO STAR.

## FRANCIS BUSHMAN TO PLAY AT LOCAL THEATERS.

By Grace Kingsley.

Now let the matinee girls sit tight! Guess who's going to be the new leading man at the Morosco? Oh, well, you never will guess, so I may as well tell the suspense.

Francis X. Bushman, yes, sir! None other. And he is to arrive here within a few weeks to commence rehearsals. But this is not all. It is likely that Beverly Bayne, who in private life is Mrs. Francis X. Bushman, will also be engaged later to play leading roles with the Morosco company. At present Mrs. Bushman has retired to the Bushman home on Long Island to await a family event, and so will not come west with her husband. At least, this is the present plan.

Oliver Morosco, it is understood, put over a coup in securing Bushman's services, inasmuch as the actor had already accepted a vaudeville engagement at a salary of \$1250 per week. As it is, Mr. Morosco has secured Bushman under a long-term contract by the terms of which the actors will receive one of the highest salaries ever paid a star outside of pictures. He also holds an option on the services of Beverly Bayne.

Mr. Bushman is to be starred throughout the United States, according to the terms of his contract, and he will make his initial appearance here early this summer in "The Master Thief," by Edward E. Ross. Later he is to be starred in a new play the name and author of which Mr. Morosco is not yet ready to announce.

## Thought it was Real.

Carol Dempster, the lovely new Griffith star, who is playing a leading role in "The Girl Who Stayed at Home," at Grauman's, has a devoted and ardent admirer in her own neighborhood. Dempster went to the show the other night and nearly broke it up. Whenever the bullying German grabbed Carol, he shouted aloud: "Quit that! You let my auntie alone!" And when the wicked German was finally shot, the youngster

answered, so his voice carried to the utmost parts of the gallery, "Hoory! Give it to him! Give it to him good!"

## Willard Mack is Active.

William Mack, husband of Pauline Frederick, Goldwyn star, is now in New York, where he is commencing rehearsals of a new play written by himself, entitled "Not Over There," and which David Belasco will produce. Mr. Mack will also play the leading role, and will have supporting him Corinne Barker, Alma Tell, Effingham Pinto, Jobyna Howland and John Salmon.

Although rumors have been rife that Pauline Frederick and Mr. Mack have broken domestic relations, Mr. Mack has announced from New York that his wife will probably come East next fall to commence rehearsals of "Lad Tony." Miss Frederick herself refused to be interviewed in regard to her domestic or professional matters.

Such is Gaiety. Madeline Traversa, the William Fox star, is a great lover of animals, and she is always trying to lessen their troubles in this busy and forgetful world.

A couple of evenings ago while she was taking her usual daily walk along Hollywood boulevard, she met with a very curious incident. The dog seemed lost. She called to the creature and he came to her, but he seemed to be staring at her. She thought that she was sure he had forgotten where he lived. Still he had on a nice collar and a Los Angeles dog license. She took the animal to a home of a friend, and the friend permitted her to give the canine a bath. Then she called up the H. census bureau and obtained the name and address of the dog's owner.

When she reached the address she found it to be that of one of the handiest houses in Hollywood. A woman came to the door, and the dog gave a cry of joy and leaped to her, but she backed away.

"Here's your lost dog!" said Miss Traversa. The woman gazed at the dog again. The animal was so clean she simply didn't know him. "We--well," she gasped, as the animal made another loving lunge at her, "W--what have you done to him?" "Simply washed him, madam."

## Young Irving Foy, the tiniest of the Foy tribe, is the champion checker player of the Orpheum green room. Evli Emil Girard, who played checkers with Noah in the book, has fallen before the prowess of Irving.

"However do you do it, Irving?" somebody asked the wee one, the other day.

"Dunno," said Irving, "guess I was just born that way!"

Domestic Note. The other day Emory Johnson, film star, and his young wife, Ella Hall, were playing in a civil suit, and while the trial was in progress, the actor whispered a plea in the ear of the judge.

"Oh, tell us, how is the baby?"

McIntyre Did His Bit. No wonder the Kaiser had to give up! McIntyre, the sharpshooter at the Orpheum this week, has just returned from France, where he did his bit in helping to queer the Kaiser. McIntyre was gassed during a battle and was in the hospital for a time, but has now completely recovered.

Padewski a Film. Wonder if any celebrity has been missed by the motion-picture camera. Now it's Ignace Jan Padewski, famous pianist and now Premier of Poland, who is to be the subject of a moving picture which will depict his life, and which will serve as a patriotic feature.

The production will be made in Poland. Richard Ordynski, art director of the Metro-Polish Operahouse, will supervise the production, and both Padewski and Ordynski are donating their services to Polish war charities.

The picture will present a series of startling scenes showing the progress of the Polish borders perpetuated during the last world war. The film will likewise present some of the most stirring incidents in Polish history.

The production will also emphasize the fact that Padewski, primarily because a musician in order to win recognition and freedom for Poland, as he considered that his piano was the most effective medium for carrying Poland to the world's attention.

The film will be directed, under the supervision of Ordynski, by Joseph Selden, formerly with the Universal Pictures company. It is expected that the making of the production will occupy three months' time.

Ernest Glendinning to Wed. Ernest Glendinning, well-known New York actor, is going to be lost to the matinee girls forever. His bride is in Paris.

Present is playing the role of "Pleasure" in "Experience."

The future Mrs. Glendinning is the widow of the late Capt. A. Morley Horne, formerly an actor and afterward a member of British overseas forces, who was killed in battle while leading a charge.

Rupert Julian in Person. Rupert Julian will make a personal appearance on the stage of the Superba Theater, where his picture, "The Fire Flingers," is being shown.

"Sonny" a Hit. From far-off Oakland comes word from Maude Fulton author of "The Brat," to the effect that "Sonny," her latest play, which made its debut at the Fulton Theater in Oakland, last week, is a great success.

Robust evidence in the shape of volubly favorable press notices is being sent to the author, and she says that "Sonny" is a worthy successor of "The Brat."

Chester Conklin with Fox. Changing jobs cannot be said to be the long suit of Chester Conklin, picture comedian. As a matter of fact, Chester first became funny for "lure" on the Mack Sennett lot, where he has remained for five years.

Conklin has just made another studio in matter for note, and when it was reported yesterday on the Rialto that Conklin had just made Sennett for the Fox Sunshine Comedies, a mild sensation was the result.

Conklin has long been considered one of the Sennett acts, with a drawing power which there was no denying. It is said his salary, which has been a fat one all along, has been raised by the Fox people.

Film Stars in Two-Day. The new shuffle and deal which is landing picture stars in vaudeville has just caused two famous names to be known film luminaries. They are Edwin August and Lottie Briscoe, who are breaking in a vaudeville sketch this week. The sketch was written by Mr. August and is called "Movie Mad."

HE'S A MAJOR NOW. Well-known Local Physician is Promoted While on Mission.

Information of the promotion of Capt. James Steinberg, of the Fortieth Division, to the rank of major, was received here, yesterday.

Maj. Steinberg, who is well-known in medical circles here, left for Europe with the One Hundred and Sixtieth Ambulance Corps, Fortieth Division, in Russia, with a special commission of army officers delegated to obtain information on political and economic conditions for the conference. While in Odessa he was given his commission as major.

Steinberg has taken advantage of a little of the leisure time at his disposal to attend clinics, both in the French hospital and in the hospital conducted by some of the noted surgeons of Europe.

DRAMA. SPARKLING COMEDY. AUDIENCE THRILLS TO GEMS OF BARRIE HUMOR.

By Edwin Schallert.

When a woman is so clever that she can keep her husband by giving him the other woman, she deserves to be dramatized. When a dramatist is so subtle that he can make her seem entirely plausible, and moreover, entirely human, through four acts of a delightful play, he may lay some claim to being immortalized. That is why "Every Woman Knows" is being given its first presentation Monday night by the players of the Community Theater of Hollywood, remains an ever charming piece of dramatic craftsmanship, and a fascinating life impression.

As produced by the group of intelligent and competent people who compose the Community Theater players, Sir John Gielgud, the masterpiece of the Scotch has the sparkle of precious gems. The jewels of the Barrie humor were greeted with almost a touch of rapture at times by the play-goers who, in increasing numbers, are faithful devotees of the play.

The idea that "woman was made from man's rib, but from his funnier bone," and that it is the grace of her personality that gives the force and brilliancy to the play, the achievements making man's success, and you have--the charm of Barrie.

The character of John Shand, the egotist of the Scotch and twice the determination of the Scotch, is to be a thoroughly received. Cecil Irish made the unswerving seriousness of the play, but from his funnier bone, and that it is the grace of her personality that gives the force and brilliancy to the play, the achievements making man's success, and you have--the charm of Barrie.

Those who want to see the one and only Charlie Chaplin in his original comedy "Dough and Dynamite" have the opportunity at Ray's Garden this week. "Dough and Dynamite" happened in the Keystone days, but Chaplin, and has remained one of the best achievements of the cleverest of the film.

On the same bill at Ray's Garden is "Dough and Dynamite" is fast and furious, and the movie fans have no end of enjoyment renewing the acquaintance of the Cahille in his famous film role.

The Unpardonable Sin is approaching its eastern record at the Kinema Palace here. The big, thrilling screen play is now in its third week. Blanche Sweet has achieved a remarkable success in the play. The management of the theater announces that his will be the last week.

FOR MAY-DAY LUNCHEON. The women of the Church Work Society of the First Congregational church, 841 South Hope street, will give a May-day luncheon in the hall of the church tomorrow noon. For the convenience of business men and women who are unable to attend, the luncheon will be served from 12:30 to 1:30. Tickets are 50 cents.

John B. Laer, a clerk of this city, filed a petition in bankruptcy in the United States District Court, yesterday, giving his debts as \$18,076.82, all unsecured, with assets of \$150, all exempt. The bulk of the liabilities arise from the purchase by the petitioner of a liquor license, and the consequent sale of the license to Laer and took his note for the purchase price and these are unpaid. The cost of the license was \$5697.50.

## LAST PIANO RECITAL.

## GODOWSKY EVIDENCES POLISH SUPREMACY IN ART.

## By Jeanne Redman.

With the coming of Leopold Godowsky, pianist, to Trinity Auditorium, last evening, Los Angeles closed the season for pianists, and renewed, at the same time, her faith in the musical supremacy of the Pole. What other nation can show a trio such as Hoffman, Godowsky and--not include him, because he has been a great pianist, and he still lives, musically--Padewski? And to what other nation can the palm be given for playing Chopin? Godowsky gave us a generous treat of Chopin last night, beginning with the B-flat Minor Sonata, and following with a group which included an impromptu, two waltzes, the C-sharp Minor Scherzo, and another waltz for encore. He also played the two Polish songs of Chopin, with the Liszt transcriptions.

Godowsky was tired, after his arduous tour, but once well into his program, he gained in force, and his climax showed him at his best, with all apparent fatigue gone by the music of his own music.

Godowsky is called master technician, and scientist of the piano, but back of his is a colossal technical mastery, there lies the interpretative artist. We missed the usual hesitations of whom Godowsky makes a living spirit, but the program was otherwise truly Godowskian.

The pianist has an enormous following, and Trinity was filled to greet him. Also, it was warmly responsive. Curiously, the Russian pianist, dedicated to Godowsky, was perhaps most effective upon the listeners. Although the last number, which are mere decorations, technically, to Godowsky, brought their usual applause, and the pianist's own, the audience was a great success.

It is remarkable that a man should corner so wide a field, and include in his repertoire such vastly different types of music, but it is not inconceivable. Indeed, it should be so, and when Godowsky played the three Debussy numbers, it was obvious that he is as much at home with the whole tone as with any other thematic idea. His "Reflections" gave a sense of actual liquidness, and the themes were while under water, so to speak, still under exquisitely clear water.

Godowsky is a master of accents. His rhythms are felt without obviousness. That is one of his chief graces. His complete simplicity of style and his manner of presenting his work, totally without superfluities, adds a luxury to the ear and the eye.

Senior Pupils' Recital. The college of music of the University of Southern California will give the third of a series of senior piano recitals at the Friday Morning Club House, on Friday evening, May 2. Wida Louise Bowen, pupil of Miss Adelaide Trowbridge, will play a program widely diversified in numbers.

Claydy Hill, soprano.

SKOTCH REVIEW. LASSIES, DANCING, BAGPIPES IN FAN HEADLINER.

Skotch lassies have a novelty dancing act, while bagpipes play a "hoot mon" tune in the headline act of a fun and frolic bill at Pantages this week. The lassies are very pleasing dancers, and their show has many tinges of newness.

"Wee May McKay" keeps the audience mirthful with funny capers and sayings.

"Doggie on a Busy Day" shows a prohibition law hasn't gone into effect as one of the chief smile-eters is Topsy Dan.

"Noodles" Fagan & Co. are billed as the "nutty nuts" of the bill, and they are. The Baker sisters sing and dance their way to favor. The Irish get their inning when Jim Doherty tells stories and sings ballads. The Zara Carmen trio make the wooden floor seem possessed of human intelligence.

Willards are flashed out by the "Man of Might," starring William Duncan.

DANCE IS GIVEN FOR SEVEN FRENCH TOTS.

WOMEN EMPLOYEES OF TIMES HOSTESSES AT PARTY FOR GODCHILDREN.

Thirty women employees of The Times were hostesses at a dancing party given last night at The Times Assembly Hall for the benefit of seven fatherless children of France for whom the young ladies are volunteer godmothers. The children were adopted by The Times young women in May, 1918, and the sum of \$25.00 is sent for the care of each child, in addition to clothing. Letters of appreciation have been received from the children.

Miss Margaret Ramsey is chairman of the committee, which arranged the successful dance last night. Dance posters made by Miss Dorothy Fowle were auctioned as a feature of the evening, and the program included a violin solo by little Miss Bernice Graves, daughter of Mr. and Mrs. W. A. Graves, and a specialty dance by Arnold Tamon and Miss Adams.

HOUSING OF THE CHURCH. The church of the Holy Trinity, 431 South Los Angeles street, will give a May-day luncheon in the hall of the church tomorrow noon. For the convenience of business men and women who are unable to attend, the luncheon will be served from 12:30 to 1:30. Tickets are 50 cents.

CLERK IS BANKRUPT. John B. Laer, a clerk of this city, filed a petition in bankruptcy in the United States District Court, yesterday, giving his debts as \$18,076.82, all unsecured, with assets of \$150, all exempt. The bulk of the liabilities arise from the purchase by the petitioner of a liquor license, and the consequent sale of the license to Laer and took his note for the purchase price and these are unpaid. The cost of the license was \$5697.50.

CHIROPRACTIC  
VS. MEDICINE.Argument of Former on Trial  
Charged with Litter.Medical Board's Test Case  
Attracts Attention.

Doesn't Cover Case.

Verdict, impeding nerves, vete-

rinary out of alignment, subluxated

nerves were dragged from their

sockets and rattled, aired and

hung in the faces of a jury in

Judge Chambers' Court yes-

terday when Dr. E. Bernard Hubley,

attorney, with offices at 1124

Washington Building, charged with

a misdemeanor was brought to

trial.

Hubley is charged by the State

Board of Medical Examiners with

advertising his profession and

attempting to treat sick and afflicted

persons without having obtained a

license. The trial is attracting wide

interest as a test case.

Through his attorneys, Thomas

H. Jones, former Lieutenant-Governor

of the State, and Mattison B. Jones

of the city, Dr. Hubley yesterday

pleaded the charges.

After a morning spent in securing

evidence, five women and seven men

came yesterday afternoon at-

tending to keep track of hundreds

of witnesses, both properly placed

and not so properly placed. A hu-

dred and the twisted and

tangled web of the nerves and

bones of the jury listened to witness

after witness who testified that the

doctors do not practice medi-

cine but confine their efforts to ad-

justing the vertebrae when they slip

into their proper place, and cause

trouble to their owners.

According to the testimony, the

doctors are forced by law to obtain a

license from the State Board of

Medical Examiners before they

can practice. According

to the testimony, the license required

is impossible to obtain for

doctors who do not practice medi-

cine. The defense also alleges that

doctors now licensed to practice

doctors were admitted to

practice in 1917, when the law first

went into effect, requiring a license,

as well as claiming that it is im-

possible to secure a license under

the present law. Attorney Morris

and Jones yesterday called witnesses

who testified that Dr. Hubley has

never obtained a license, and

that he has violated the law in mean-

ing to practice without a license.

The defense further set up that

Dr. Hubley was crowded to the

doors with persons interested in

the chiropractic method and students

of the Pacific Electric school of

chiropractic. The defense com-

pleted its examination and presented

its case with the exception of four

witnesses.

Dr. Hubley was arrested, accord-

ing to Central Police Station

on February 18 by Inspector

J. O'Donnell of the State Board

of Medical Examiners. The arrest

was made upon a warrant issued by

The New American Macaroni

QUALITY isn't the only dif-  
ference. You'll find this  
new American macaroni more de-  
licious, more tender and with a  
full nut-like flavor. Ask your  
neighbor what her family said the  
first time she served this deli-  
ciously different product.

## KARR'S STORY IS DENIED.

Men Whom He Named as Graft Principals  
Flatly Contradict Him.

(Continued from First Page.)

has said took place between you there  
in his room at Sacramento actually  
take place?

Q: Not a word of it.

Q: What ever was said about a  
campaign fund?

A: One night in Sacramento as  
we walked from a cafe where we  
dined Karr said he could raise per-  
haps \$25,000 from Chinese and negro  
gamblers. I said the Mayor had for-  
bidden such a procedure and that  
he could raise the money otherwise.

About a week after I came home I  
happened into the Mayor's office. The  
conversation turned to Sacramento  
and I told him what Karr said. "We  
in a thousand years," said the Mayor.  
"We never have taken any of their  
money and we never will."

Q: Did you ever have any other  
talk with Karr along this line?

A: No sir.

Q: Was Sergt. Hackett's name  
ever mentioned in any talk with  
Karr?

A: No sir.

CROSS-EXAMINATION.

On cross-examination by the Dis-  
trict Attorney, Tom Hughes testi-  
fied as follows:

Q: Why did you object to the  
Union League raid?

A: I made the Governor's cam-  
paign on a dry platform and I  
thought the raid was pulled to get  
a bottle of mine. But I had no  
bottle there.

Q: Didn't you talk to your niece  
who was with you in Karr's room at  
Sacramento as to what her testi-  
mony before the grand jury should  
be?

A: No sir.

Q: Didn't you tell your niece,  
Miss Maude Heffner, to get out of  
Los Angeles and stay out so she  
could not be subpoenaed?

A: No sir.

Q: Didn't Karr say to you in  
Sacramento that a campaign fund  
would be raised from that source,  
referring to gamblers?

A: Yes, sir.

William Dean, a police chauffeur,  
who drives for the Mayor, testified  
that Karr did not ride in his ma-  
chine on the trip out to the Hughes  
dinner party.

BY GEORGE HENDERSON.

George Henderson, upon examina-  
tion by Capt. Fredericks, said he  
met Karr early in December through  
Harmon Boone.

Q: Did you go to the Council  
chamber and meet Mr. Karr?

A: Yes.

Q: Aside from \$250 which you  
may have paid Karr early in De-  
cember, did you pay him any more?

A: Yes, \$250. It was another  
man's money and it had nothing to  
do with this case.

Q: With the exception of those  
two payments, did you ever pay him  
any money?

A: No.

Q: Did you ever pay Hackett any  
money?

A: No, sir.

Q: Did Hackett ever give you any  
money for Karr?

A: No, sir.

Q: Did you ever talk to Karr  
about raising a campaign fund for  
Mayor Woodman?

A: No sir.

CROSS-EXAMINATION.

Q: You've been indicted by the  
grand jury for the same offense of  
which Mayor Woodman is accused?

A: Yes.

Q: Have you been at Hackett's  
house?

A: Since the trouble started I  
have not been near his house. He  
called me up.

Q: What about?

A: He asked me about the tele-  
grams he had seen in the papers. I  
told him it was about a little deal  
I had with Karr. Brown told me  
Karr could remove Cholo Johnson  
with whom we had had lots of trou-  
ble. Karr wanted \$250 for the job.

Q: Anybody want you not to tes-  
tify?

A: Karr said if I explained the  
telegram he'd lose his job. One of  
Woodman's men told me I'd be given  
an opportunity to clean up anything  
that might be in my safe. All that

was wanted was that I testify against  
Mayor Woodman. I was told that  
the courtesy that was possible.  
Q: What conversation did you  
have with Karr and Hackett?

A: I told Karr I was paying \$250  
for the removal of Johnson because  
Johnson had threatened my life. He  
said I was pretty hard-boiled and  
that he was going to get me.

## HACKETT ARRAIGNED.

Bail of Indicted Officer Out; No Sus-  
pension Yet.

Sergt. William Hackett, indicted  
Monday by the grand jury on a  
charge of asking, receiving and  
agreeing to receive a bribe from  
George Brown and George Hender-  
son, negro politicians, was arraigned  
yesterday before Judge Willis. His  
bail was reduced from \$10,000 to  
\$2500, upon application of W. Jo-  
seph Ford, his attorney.

Mr. Ford explained that the \$10,-  
000 already provided was a surety  
bond and was costing considerable.  
He said that Sergt. Hackett values  
his standing in the community, that  
he is a property owner, and there is  
no danger of his running away. De-  
puty District Attorney Doran inter-  
posed no objection and the bail was  
reduced. Hackett will enter a plea  
on May 6.

The officer has as yet taken no  
action toward suspending Hackett  
pending the outcome of his trial on  
the indictment, although he said last  
night that in similar cases it has  
been customary to do so. It is gen-  
erally believed at police headquarters  
that either Chief Butler or the Police  
Commissioners will suspend Hackett.

When Hackett was relieved from  
duty because of the metropolitan  
squad ten days ago he asked for and  
received a leave of absence for twen-  
ty-three days, and nearly two weeks  
remain before he would be due to  
return to duty. It is expected that  
before that time the Chief will have  
taken action in his case.

McALEER IS CALLED  
BY THE GRAND JURY.

The grand jury yesterday called  
Owen McAleer, former Mayor of  
Los Angeles and now a member of  
the Board of Public Works. He  
was in the grand jury chambers but  
a short time.

It was said at the District At-  
torney's office that a new phase of the  
investigation is being gone in-  
to and that something of an un-  
usual nature may be expected dur-  
ing the week-end. It was estimated  
that other indictments might be  
forthcoming. It was said the in-  
quiry regarding tampering with wit-  
nesses has about been completed.

D. Barron, a florist in the Alex-  
andria Hotel building, was called as  
a witness.

PEACE BASIS IS AIM.

Red Cross to Consider Transition at  
Conference Here.

To aid the Red Cross chapters of  
California, Arizona and Nevada. In  
the transition from a war to a peace  
basis, a series of five conferences  
has been called by John D. Miller,  
of Los Angeles, Pacific Coast chair-  
man. The first of these conferences  
will be held today at the Alexandria  
at 9 a. m., and continued all day.

It was stated at Red Cross head-  
quarters, yesterday, that forty of  
the California chapters will be re-  
presented at the conference today and  
it is expected that important busi-  
ness matter will be disposed of.

The remaining conferences will be  
held at Tucson, May 2; Phoenix, May  
3; San Francisco, May 9 and Reno,  
May 10. Mr. Miller will preside at  
all of the conferences. It is stated.

## FIND FUNDS NOT MISUSED.

In a report to the Superior Court,  
filed yesterday before Judge Craig,  
the county grand jury exonerated  
charges based on affidavits of Martin  
Miklauschutz and others, which al-  
leged that the county money was  
misused by District Attorney's in-  
vestigators, in supplying liquor to Lou  
Wright, a negroess. The report fur-

ther finds that the matter had its  
origin in the misdeeds of an employee  
discharged because of his own im-  
proper and disgraceful conduct. The  
report of the grand jury follows:

"The affidavit of Martin Miklauschutz  
is contradicted by every wit-  
ness named in it as being known to  
edge of the facts, except one, whose  
attendance we have not been able  
to procure, and is substantiated by  
his own testimony taken before us.

The evidence shows this affidavit  
to be untrue, and that the office of  
the firm of Fredericks and Hanna,  
attorneys, employed at the time in  
the defense of a criminal action.

"The evidence of Miklauschutz  
himself discloses that at the time  
his affidavit was made he had been  
discharged from the employ of the  
District Attorney, and that he was  
then seeking employment from at-  
torneys whom he knew to be en-  
gaged in the defense of an im-  
portant criminal action.

"The affidavit of William King  
was taken in the City Prosecutor's  
office, and after having been taken,  
was sent to the office of the firm of  
attorneys to which we have hereto-  
fore referred. We know of no reason  
other than a desire to embarrass the  
District Attorney at a time when he  
was engaged in the trial of an im-  
portant criminal case.

"The affidavit of William King  
contains the following sentence: 'I  
knew that Lou Wright was practic-  
ing prostitution there, because she  
told me five or six times.'"

"William King testified that the  
quoted sentence is untrue, and that  
he did not know it was in the af-  
fidavit at the time he signed it.

"Henry Fournell and William  
Larson have also sworn that the  
affidavits made by them in the office  
of the City Prosecutor, copies of  
which were transmitted to the  
Board of Supervisors by one of the  
private attorneys to whom we have  
referred, contain statements not in  
accordance with any facts known to  
them.

"We, therefore, report that the  
charges which have been preferred  
against the District Attorney's office  
not only are unsubstantiated, but  
that they have their origin in the  
malice of a former employee who  
has been discharged because of his  
own improper and disgraceful con-  
duct. We regret to say that they  
do not seem to have been made rap-  
idly in furtherance of the ends of  
justice or the common good.

"Respectfully,  
[Signed] J. P. STOCKDALE."

## IN MISERY FOR YEARS

Mrs. Courtney Tells How  
She Was Cured by Lydia  
E. Pinkham's Vege-  
table Compound.

Oskaloosa, Iowa.—"For years I  
was simply in misery from a weak-  
ness and awful  
pains—a pain—  
nothing seemed  
to do me any  
good. A friend  
advised me to  
take Lydia E.  
Pinkham's Vege-  
table Compound.  
I did so and  
got relief right  
away. I can  
certainly recom-  
mend this val-  
uable medicine to  
other women who suffer, for it has  
done such good work for me and I  
know it will help others. I have  
given it a fair trial."—Mrs. LIZZIE  
COURTNEY, 108 5th Ave., West, Oskaloosa,  
Iowa.

Why will women drag along from  
day to day, year in and year out,  
suffering such misery as did Mrs.  
Courtney, when such letters as this  
one, containing a true story, are  
everywhere? Every woman who suffers from  
displacements, irregularities, inflamma-  
tion, ulceration, backache, nerv-  
ousness, or who is making the hard  
Change of Life should give this  
famous Root and Herb remedy, Lydia  
E. Pinkham's Vegetable Compound,  
a trial. For special advice write to  
Lydia E. Pinkham Medicine Co.,  
Lynn, Mass. The result of its long  
experience is at your service.

## ATTACKS ACTS OF COMMISSION.

Attorney for Club Propounds  
Puzzling Questions.

Says Mayor Must Attend All  
Police Body Hearings.

Case's Continued Until Law  
Can be Looked Into.

Are the acts of the Police Com-  
mission legal if the president of the  
board—who is the Mayor—is in the  
city and does not attend its sessions?

Have two members of the commis-  
sion a right to hold formal hearings  
of charges against license holders  
when the president of the board is in  
the city, but not present?

Are the actions of the Police Com-  
mission really legal? For it is very seldom  
that Mayor Woodman "sits in" at the  
meetings of the commission.

These points which were raised at  
the meeting of the commission yester-  
day are to be brought to an issue.

At yesterday's session of the com-  
mission charges of illegal conduct of  
business, preferred by Chief of Po-  
lice Butler against the Social Club,  
544 South Spring street, third floor,  
were scheduled to be heard. War-  
ren Williams, who appeared for the  
holders of the social club license,  
moved that the case be dismissed, on  
the ground that officers of the club  
had been tried in the police court  
and had been dismissed. This was  
denied.

Then Mr. Williams attacked the  
legality of a hearing by only two  
members of the commission, insist-  
ing that when the Mayor is in the  
city he should participate in the  
hearings. Mr. Williams contended  
that he had ample law to sustain his  
contention.

City Prosecutor Widney stated  
that the Charter provides that a ma-  
jority of the commission may render  
decisions on hearings on charges,  
but that he did not believe there  
was any other provision on the sub-  
ject. Attorney Williams declared  
that he would brief law cases bear-  
ing on the subject and the Social Club  
case was continued until May 7, so  
that these may be presented.

THURST ON HER.

Woman Didn't Want Alimony, but  
the Court Insisted.

A letter to a friend introduced in  
the divorce suit of Fannie Webster  
against Conley M. Webster, on trial  
before Judge Taft yesterday, to show  
that Mr. Webster did not care for his  
wife, contained this paragraph:

"See if that wife of mine has in the  
last six years secured a divorce or  
has been so kind as to free me by  
dying."

The court granted the decree on  
the ground of desertion, and award-  
ed \$20 a month alimony.

"I don't want any alimony," ex-  
claimed Mrs. Webster.

"Take it," said the court, "I want  
it there as a reminder."
